9. **Christian Family Solutions:** Since last year, many more people have found themselves in need of counseling for struggles in life. Your pastors are ready to assist you with confidential guidance from God's Word. Yet some situations call for more specialized support. Christian Family Solutions (CFS) services include counseling for individuals, couples, families and substance abuse, as well as career counseling, premarital counseling, and online support groups. They have clinics in a variety of states across the country, but their ability to set up a secure video counseling session means members can still receive counseling in places where there is no clinic. St. Paul's has some funds designated to anonymously assist members with costs associated with this specialized counseling. Please speak with one of our pastors, who can help you find answers to your questions.
